

# I Know What I Want for Christmas

George Strait

It is the season for generosity  
A time to give and to receive  
My Christmas list consists  
Of just one sweet dream I know what I want for Christmas this year  
An' I hope my note got to Santa on time  
I'm a little bit nervous  
It's kind of a big thing I'm askin' for  
I don't know if I deserve it but  
Boy, if I get it I'll never ask for anything more It shines  
(It shines)  
It's new  
(It's new)  
It's the one wish that I wish  
Would come true  
This year for Christmas I  
Just wanna be with you We can build a little fire  
We can sit and talk for hours  
We'll just have fun  
You can tell me what you did  
Christmas mornin' as a kid  
And we'll talk about  
All our Christmases to come And if I hang a little mistletoe in every single doorway  
I'm sure to get a kiss, and is it too much  
To ask for a snowman kind of snow  
To complete this singular wish? It shines  
(It shines)  
It's new  
(It's new)  
I know what I want  
And nothin' else will do  
This year for Christmas I  
Just wanna be with you This year for Christmas I  
Just wanna be with you
