Something Real for You

Robynn Ragland

I'm in the red, I'm in the blue
I'm in the middle and I don't know what to do about you
Mystify me, take me away from here
I need your strength, my dear

So you're back again, why are you here?
Baby do you love me? So you've been thinking of me?
Well tell me why you trying to make me fall for you
You must think I'm immune.

Ripped apart ripped open wide
There's been a dagger in my heart since you stepped inside
Look and see my soul there in your eyes
Guess that's the way it ever survived the day

Here are some tears for you
Here are some tears
Here's something real for you
Never fear
You've touched me

It's a mess and I'm sorry I guess
I shouldn't blame you, you're not alone in this
But when I open up well just stay tuned
Gonna open fire
Babe you're playing with a live wire

I'm done
I'm through
I admit that I've really been touched by you
This may be my luck
But this mind fuck's killing me
Reeling me

Baby here are some tears for you
Here are some tears
Here's something real for you
Never fear
Oooh babe you've touched me

I'm in the red
I'm in the blue
And I can't believe what this is coming to
Save a little spot in your memory for me
I'll save a spot for you

Baby here are some tears for you
Here are some tears
Here's something real for you
Never fear
Oh here are some tears for you
Here are some tears
Here's something real for you
Never fear
You've touched me
