

Reborn Dogs

Holy Moses

A lot of minds are in my head
So many things are said
You couldn't break me down
My world returned to me
Reborn dogs - I'll be back
Reborn dogs - we are back
Reborn dogs - we are coming to kill
Reborn dogs - we are souls again
The creation did not change
The beast will rise again
Feel the things you said to me
Kick ass for my kill
Reborn dogs - I'll be back
Reborn dogs - we are back
Reborn dogs - we are coming to kill
Reborn dogs - we are souls again
I will be back
I come to kill
I will come back
I come to kill
You can't bring me down
What the hell is going on?
Take it from the start
First strike isn't gone
Wasted too much time
with those people who lie
If you change your mind
You don't have to die
A lot of minds are in my head
So many things are said
You couldn't break me down
My world returned to me
Reborn dogs - I'll be back
Reborn dogs - we are back
Reborn dogs - we are coming to fuck!
Reborn dogs - we are souls again
