

# Beautiful You

[Rick Springfield](#)

[Chorus:]  
Beautiful you  
You don't have a clue  
You star in the story of my life  
Beautiful you  
Beautiful you  
You took me down on my own knife  
Bareback, my black, bloody celebration day  
On your body, thank God I never had the nerve to say [Chorus:]  
Beautiful you  
You don't have a clue  
You star in the story of my life  
Beautiful you  
Beautiful you  
You took me down on my own knife  
And you make me feel  
But I thought it was real  
Beautiful you  
Feels like a Sunday I think I'll just stay in bed [Chorus:]  
Beautiful you  
You don't have a clue  
You star in the story of my life  
Beautiful you  
Beautiful you  
You took me down on my own knife [Chorus:]  
Beautiful you  
You don't have a clue  
You are the writer in my head  
Beautiful you  
Beautiful you  
You took me down on my bed  
Feels like a Monday I think I'll just stay in bed
