

Let No Walls Divide

Doris Day

Let no walls divide your world
Pull them down today
Take the stranger by the hand
Lead him on his wayIf he stumbles, help him rise
Calm his foolish pride
Give him kindness, give him love
Let no walls divideLet no walls divide your world
Let no walls divide your worldLet each day be Christmas Day
As you go through life
Love your neighbor as yourself
Let there be no strifeLove can overflow the heart
Like a rising tide
Peace on earth, goodwill to men
Let no walls dividePeace on earth, goodwill to men
Let no walls divide
