

The Consequence

The Phoenix Within

The Consequence

By: Omar Feliciano

Verse 1:

If I have your heart
Then he has your body
Your tongue it tells lies
This is the consequence of falling in love
You move with such ease
Just like a serpent in the mud
Youâ€™re just a disease
This is the consequence of trusting someone

Chorus:

Hey, hey,
Iâ€™ve gone & got you a sharper blade
So you could just cut & carve my heart out
& Leave me on display for the world to see

Verse 2:

Iâ€™ll kiss you in between your eyes
Heâ€™ll kiss you in between your thighs
Iâ€™ve damned you to hell
This is the consequence of being stabbed in the back
It kills me to know where you sleep at night,
Youâ€™re just a masochist
This is the consequence of hating yourself

Bridge:

Look what youâ€™ve done to me now, look what youâ€™ve done to me nowâ€¦
