Green grass 'round my window

Young leaves that the wind blows

Yes, it's springtime, golden sunshine

And we're glad, my little love and I

Now that summertime is nigh

Carefree kissin' couples

Dream away all their troubles

'cause it's springtime, golden sunshine

While the bluebirds sing their magic song

We will love the summer long

All the winter we've been waitin'

Girl and I anticipatin'

What we're gonna do with summer overdue

Now it's here, we're out together

So the weatherman had better

Do his best to make a show

And bring the sunshine out to grow the

Green grass 'round my window

Young leaves that the wind blows

Yes, it's springtime, golden sunshine

While the bluebirds sing their magic song

We will love the summer long

We will love the summer long

FADE

We will love the summer long
