

# Millionaire Passion

## Misanthrope

I am lust and seduction  
The money worshiper  
Girl with diamonds rivire  
Art and ornamentationGrit of a classical music master  
You force admiration  
Dedicate your life to libertine pleasures  
High orchestra conductor  
Fickle syphilisI adore luxery  
Millionnaire passion  
But never will I possess a mortal love  
I venerate sex  
Millionnaire passionFuneral march high composer  
The macabre requiem of the nation  
Carnal vices, multiple sins of the flesh  
Inspired by the maze of "Pre Lachaise"Beatitude's refinement  
Anti-puritanical satanist  
I am lucifer in Molire's costume  
Lucifer by a moonlight veilI adore luxery  
Millionnaire passion  
Baudelaire's poetry  
And his millenary spleen  
I strut on the bank of "La Seine"  
Notre Dame is showing  
But never will I possess a mortal loveAttraction of luxery  
Millionnaire passion  
Love the frivolous woman  
Escaped by her feminity  
Obsessional seduction  
Sacrifice to the flower of evil  
I am lucifer in Molire's costumeLucifer by a moonlight veilThe enrichment dream is nothingness passion  
To make of all women a gold-dust princessAttraction of luxery  
Millionnaire passion  
Love the frivolous woman  
Escaped by her feminity  
Obsessional seduction  
Sacrifice to the flower of evil  
I am lucifer in Molire's costumeI adore luxery  
Millionnaire passion  
Baudelaire's poetry

And his millenary spleen  
I strut on the bank of "La Seine"  
Notre Dame is showing  
But never will I possess a mortal love  
Money selects by its boundless power  
To which pleasure you might practise  
Everything is allowed, nothing will disturb your quest  
Your achievement to immortality
