

Someday

Pete Schmidt

So you got me
While I'm waiting
For the next trip
I'll be taking You couldn't get me away from this
Well I guess I'll think of something else
And I don't feel like I should be
Even heartbroke
But I can't see you for a while
So I smile and start thinking
About something else Nothing takes me over like you do
Nothing makes me serious until im with you
Someday
Someway
We could make this work out
If we put some time in
Somehow when the lights go down
We could make this work out
If we put some time in
Some time in As I'm driving
Through the city
I've been thinking
About where you'll be
Too far away to care
So I stop and stare at something else Would it change things
If we stopped this
Would it make sense
If we didn't exist
But I cant let go of what you make me feel inside Nothing takes me over like you do
Nothing makes me serious until im with you
Someday
Someway
We could make this work out
If we put some time in
Somehow when the lights go down
We could make this work out
If we put some time in
Some time in With a little time in
We could make it better
Its all we need to make this right

With a little time
We'll put it back together
Maybe we should trySomeday
Someway
We could make this work out
If we put some time in
Somehow when the lights go down
We could make this work out
If we put some time in
Some time in
