Grown Woman

Kelly Rowland

Said I'm so grown it's silly
I'm so above fussin', callin' and cussin'
Playin' little games at five thirty in the morn'
Said it's a shame and a pity,

How everybody throws up,
That they're a grown up,
They don't wanna call me breathin' on the phone.
And I dont understand how he was ever with you,
'Cause he with me now
I'm so grown and intelligent
It's clearly evident that you're a child,
And honey playtime is not right now

But, I'm not gonna get on your level,
Not gonna pull me off my cool.
I'm such a grown ass woman,
I don't got the time to play high school.
You need to get on my level,
'cause right now you just look like a fool.
I'm such a grown ass woman,
I don't got the time to play high school.
I'm so above all of this and you.

You see, that I'm so grown it's silly,
I'm so above fussin'
But if I wasn't,
I'd probably be halfway to your house.
But I'm such a damn lady,
I'm not gonna mess up my hair,
Tryin' to go there,
Break a damn nail or a heel tryin' to knock you out.
But you would have a problem, no doubt
No doubt.

But, I'm not gonna get on your level,
Not gonna pull me off my cool.
I'm such a grown ass woman,
I don't got the time to play high school.
You need to get on my level,

'Cause right now you just look like a fool.

I'm such a grown ass woman,
I don't got the time to play high school.
I'm so above all of this and you.

I could go back and forth,
Yelling screaming with you,
But be the bigger person,
Is what I choose to do.
I'm his everything now,
All that he never knew,
He could have all he wants with you,
So get a clue,
So get a clue,
He's done with you.

But, I'm not gonna get on your level,
Not gonna pull me off my cool.
I'm such a grown ass woman,
I don't got the time to play high school.
You need to get on my level,
'Cause right now you just look like a fool.
I'm such a grown ass woman,
I don't got the time to play high school.

I'm not gonna get on your level,
Not gonna pull me off my cool.
I'm such a grown ass woman,
I don't got the time to play high school.

I'm so above all of this and you.
You, you
