If You Were Mine

Taylor Dayne

I see you out in places
Almost every night my love
Empty smiles and lonely faces
Leaning towards the glow of your light
Can't get enoughNow me I always wonder
What's goin' on inside
What's with that cover that
You keep your heart under
Are you just draggin' it along for the ride'Cause if you were mine baby, baby
I would give you the world
There'd be no reason for you to keep hidin'
You know I'll cherish your heart and soul
Oh if you were mine yeah, if you were mineI offer you the treasure
Now baby won't you turn the key
Can you deal with the pleasure
Of the love that's burnin' in me, it's burnin' meWell every night is Heaven
When there's real love
In your touch, darlin' I promise I can give you forever
What would you do if I if I loved you that much'Cause if you were mine baby, baby
I would give you the world
There'd be no reason for you to keep hidin'
You know I'll cherish your heart and soul
Oh if you were mineI'd love you and cherish you
Forever and a day
And I'd give you everything that I have
Baby if you would just stay
Oh baby if you would just stay'Cause if you were mine baby, baby
I would give you the world
There'd be no reason for you to keep hidin'
You know I'll cherish your heart and soul'Cause if you were mine baby, baby
I would give you the world
There'd be no reason for you to keep hidin'
I'd cherish your heart and soul
If you were mine, if you were mine, mine
