Missin Ya

Resinated

When I'm sleeping and I'm dreaming about ya
Over and over again
Waking up and I'm living without ya
I'm feeling it from within
When when the wind blows by, I look up at the sky, wondering if you're there,
soaring through the clouds no More pain or fear

Chorus
Missing you missing you and it hurts like hell
Sittin here wishin that you were here right now
I wasn't ready to say goodbye
I wasn't ready to say goodbye

Missing ya missing ya missing ya
missing ya missing ya

Well my friend may you rest in peace
by request we didn't put you six feet deep
We spread you across the ocean
where you wanted to be, the place that you called home
When I'm gone, I'll meet me at the gates
You can let me in however long it takes
Until that day we'll just have to wait
Still I hope you know

Chorus x2

Missing you missing you and it hurts like hell
Sittin here wishin that you were here right now
I wasn't ready to say goodbye
I wasn't ready to say goodbye

Missing ya missing ya missing ya
missing ya missing ya
