

# This S\*\*t Getz Old

## Never Shout Never

If you're looking for me,  
I suggest you look in the last place that you will ever find me.  
Cause I'm goin' out with all my friends tonight,  
For once.If you can do one whole thing  
Then I suggest you go out too  
And smile up a storm  
Because we are all as sad as you think that you are  
So just smileSee I've been,  
Looking up, looking down, looking side to side  
Wondering why this world is the way that it is  
And why my momma cries  
Every now and I'm trying to rest my head on the floor  
Half stoned, thinking "damn this shit gets old" So if you have a problem I thoroughly suggest you look within  
Before you go and blame someone who's been blamin' someone else their whole life  
And I know we all got problems but we got a bigger problem  
We have fallen into pieces and our power hides our knowledge  
And we've been working our whole damn lives  
But for what?  
For them.See I've been,  
Looking up, looking down, looking side to side  
Wondering why this world is the way that it is  
And why my momma cries  
Every now when I'm trying to rest my head on the floor  
Half stoned, thinking "damn this shit gets old"
