

Our Lips Are Sealed

[Haylie Duff](#)

Can you hear them, they talk about us
Telling lies, well, that's no surprise
Can you see them, see right through them
They have no shield, no secrets to revealIt doesn't matter what they say
In the jealous games people play, hey, hey, hey
Our lips are sealedThere's a weapon which we must use
In our defense silence
Spreading rumors, so far from true
Dragged up from the underworld just like some precious pearlIt doesn't matter what they say
In the jealous games people play, hey, hey, hey
Our lips are sealedPay no mind to what they say
It doesn't matter anyway, hey, hey, hey
Our lips are sealedHush my darlin', don't you cry
Cryin' angels forget their liesCan you hear them, they talk about us
Telling lies, well, that's no surprise
Can you see them, see right through them
They have no shield, no secrets to revealIt doesn't matter what they say
In the jealous games people play, hey, hey, hey
Our lips are sealedPay no mind to what they say
It doesn't matter anyway, hey, hey, hey
Our lips are sealed, our lips are sealed
Our lips are sealed
