Sugar

Youngstown

I never knew, what that honey could do
She was a mystery
Somebody fooled around and landed in love
And that somebody was meShe gave me chocolate covered kisses
With her candy coated lips
And I feel the rush every time we touch
I'm tripping when I'm near her
'Cause there ain't nobody sweeterShe's my sugar and she's alright
Everything about my baby's so tight
She gives me sugar, she gives it all night
Never knew that it could feel so good, feel so good
She's my sugarNo need to tell her, she knows what I like
My baby's got that cinnamon touch
Sugar and spice, body so nice
Can never give me too muchOf her chocolate covered kisses
And her candy coated lips
And I feel the rush every time we touch
I'm betting all my money
That she'll always be my honeyShe's my sugar and she's alright
Everything about my baby's so tight
She gives me sugar, she gives it all night
Never knew that it could feel so good, feel so good
She's my sugarAnd when I turn out the lights
I'll taste her honey tonight
Sweet as any fruit on the vine
Keeps gettin' better, keeps gettin' better
Keeps gettin better all the timeShe's my sugar and she's alright
Everything about my baby's so tight
She gives me sugar, she gives it all night
Never knew that it could feel so good, feel so good
She's my sugarShe's my sugar and she's alright
She's my sugar and she's alright
She's sweeter than honey
Never knew that it could feel so good, feel so goodShe's my sugar and she's alright
Everything about my baby's so tight
She gives me sugar, she gives it all night
Never knew that it could feel so good, feel so goodShe's my sugar and she's alright
Everything about my baby's so tight
She gives me sugar, she gives it all night

Never knew that it could feel so good, feel so good
