

# Novelty (live)

## Joy Division

When people listen to you, don't you know it means a lot?  
'Cause you've got to work so hard for everything you've got  
Can't rest on your laurels now  
Not when you've got none  
You'll find yourself in a gutter

Right back where you came from Someone told me being in the know is the main thing  
We all need the security that belonging brings  
Can't stand on your own in these times  
Against all the odds

You all just fall behind like all the other sods You slap our backs and pretend you knew about  
All the things that we were gonna do  
What ya gonna do, what ya gonna do  
When it's over? You're on your own now, don't you think that's a shame?  
But you're the only one responsible to take the blame  
So what ya gonna do when the novelty has gone?  
Yeah, what ya gonna do when the novelty has gone?
