Lightning Strike

Judas Priest

I'll bring you the head of the demon
I'm peeling the skin from his face
The life that you lead is inhuman
Its cause and effects a disgraceYou're sowing the seeds of a nightmare from hell
Your prayers and your demons are tolling the bellWalking through fire, fate's in my hands
Waiting for lightning to strike
Man on a wire, bearing the brand
Waiting for lightning to strike
Lightning to strikeJust a treason apart from delusion
The collusion of fear and torment
Decimating to stand this confusion
With the powerman freaking intense
You're sowing the seeds of a nightmare from hell
Your friends and your demons lie dead where they fail
Walking through fire, fate's in my hands
Waiting for lightning to strike
Man on a wire wearing the brand
Waiting for lightning to strike
Lightning to strikeTwisted dreams that are formed from illusion
The collusion of fear and torment
Decimating to stem this contusion
With a power-mad freaking intentYou're sowing the seeds of a nightmare from hell
Your prayers and your demons lie dead where they fellWalking through fire, fate's in my hands
Waiting for lightning to strike
Man on a wire, bearing the brand
Waiting for lightning to strike
Lightning to strike
I'll spin the world around reeling
I have to when mankind's at stake
I might be left broken and bleeding
For it's all in the fight that we makeYou're sowing the seeds of a nightmare from hell
Your prayers and your demons still tolling the bellWalking through fire, fate's in my hands
Waiting for lightning to strike
Man on a wire, bearing the brand
Waiting for lightning to strike
Lightning to strikeLightning will strike
