

Let It Grow

Ester Dean

Plant a seed inside the earth
Just one way to know its worth
When we celebrate the world
Celebrate the world
Come on and
Celebrate the world
Celebrate the world
All you gotta do,
All you gotta do is live your life
Be true, live your life, be true
And never be afraid, never be afraid to grow, grow
It don't matter how you got it
Its yours now, don't you hide it
Let it grow, let it grow
Let the love inside you show it
Just one way you're worth it
Let it grow, let it grow
Just believe and you're almost there
Use your heart to show you care
Come on and celebrate the world
Celebrate the world
Come on and
Celebrate the world
Celebrate the world
All you gotta do,
All you gotta do is live your life
Be true, live your life, be true
And never be afraid, never be afraid to grow, grow
It don't matter how you got it
Its yours now, don't you hide it
Let it grow, let it grow
Let the love inside you show it
Just one way to know you're worth it
Let it grow, let it grow
Let it grow, let it grow
You can't reap what you don't sow
come on and celebrate the world
celebrate the world
let it grow
let it grow, let it grow
let the love inside you show
come on and celebrate the world

let it grow
