April Love

Meja

Life couldn't be much better
It makes me wonder
Could it be the weather
It's so clear and blue
and the sun is shining
through my window
lighting up my bedroom
this early friday afternoon
April love
You're doing these things to me
April Love
You warm up my soul
April Love
so welcome to be with me
April Love
you're so welcome home

My April Love
Say do you see the flowers
now they wake up
I can hear the birds sing
our springtime song
Mother nature's washing
off her make up
with the water pouring
from the newborn stream
Do you see the flowers?
Makes me wonder
Could it be much better
Our springtime song
lighting up my bedroom
this early friday afternoon
