Ready To Fly

Allie Grace

Ever have those days where
You just can't catch a break and your dreams don't even seem like a real thing
Your to scared to try
But your so ready to fly
This time I'm ready to fly

Lately I've been feeling some burning in my soul
Some days it makes it hard to breathe so....

Count off 1, 2, 3 I'm ready to fly
Can't you see I've got that fire in my eyes
I've been chasing this dream for a pretty long time
So count off 1,2,3 I'm ready to fly

Well this World twists and turns
With its ups down well I grow up in
A pretty small town and always found my way around

So I'm not gonna sit around I'm gonna start my dreams now

Count off 1,2,3 I'm ready to fly
Can't you see I've got that fire in my eyes
I've been chasing this dream for a pretty long time
So count off 1,2,3 I'm ready to fly

And I bet if you held my hand out you would come along
We'd be fighting this world one on one
We'll be taking on this world like we can fly

So count off 1,2,3 I'm ready to fly
Come hop on this joyride
Can't you see I've finally found my place in life
So count off 1,2,3 we're ready to fly

I'm ready to fly
