

It's You

Darshan Ambient

White star in the black sky
tell me of my future.
Will I be a rich man,
or a poor man whose dreams have deserted him?
It's youâ€
It's loveâ€
All I needâ€all I needâ€ (x3)
One wish would you grant me,
'cause I am just a man with great expectations.
One prayer could you answer,
'cause I am just a man with great expectations.
It's youâ€
It's loveâ€
All I needâ€all I needâ€ (x4)
Will I be a rich man, (it's you, it's love)
or a poor, poor-poor man? (all I needâ€all I needâ€)
Will I be a rich man (will I be a rich man)
or a poor man? (all I needâ€)
It's youâ€
It's loveâ€
All I needâ€all I needâ€ (x4)
White starâ€in the black skyâ€
