

# Playing for Keeps

[Alex Gifford / Jungle Brothers / The Holmes Brothe](#)

I have been playing for keeps, this time it's real  
And I want you to know, exactly how I feel  
I have been playing for keeps, I'm sure this time  
And I won't be happy, until I know you're mine  
There have been others, that could love me true  
But no one else can thrill me like you do  
I have been playing for keeps, oh love me too  
Oh, don't make me sorry, that I fell in love with you  
There have been others, that could love me true  
But no one else can thrill me like you do  
I have been playing for keeps, oh love me too  
Oh, don't make me sorry, that I fell in love with you  
(In love with you)
