

# Island

## Ulver

How did we end  
So far outPast praying  
And past recallTo believe in nothing  
Is a faith in itselfA lighthouse  
In the eye of the stormThe nightmare  
Of the nightmareTo follow the signal  
Of a ghost shipOur names are  
Written in waterThe knowledge  
Is all around us  
We came here  
To be washed away
