

Never The Machine Forever (Live In Denver 96')

Soundgarden

I can't live when it lives
It won't live if I die
Machine has no heart to give
Heart it takes could be mine Come on
Come down
Come out from where you hide Follows me down the river
Shadows me through the sky
A sideways glance in the mirror
Stalemate machine in a tie Come on
Come down
Come out from where you hide
Get up
Get off
Get on with your life Forever means all is not seen
Never means forever brings everything I fashion will and desire
Always I and I survive
Mercurial mind the fire
Fervorous direction and drive Come on
Come down
Come out from where you hide
Get up
Get off
Get on with your life Presently, I see myself clearer
Why time I visualize
I spy device in the mirror
Checkmate watch machine die
