

Kamikaze

Owl City

The princess in her flower bed
Pulled the jungle underground
Where cherry bombs stained the blackbirds red
And explosions never make a sound Oh comet, come down
Kamikaze over me
And I come alive
My midnight melody
Oh comet, come down My captain on a snowy horse
Is coming back to take me home
He's coming back to take me home
He'll find me fighting back a terrible force
'Cause I'm not afraid to die alone Oh comet, come down
Kamikaze over me
And I come alive
My midnight melody Oh comet, come down
Kamikaze over me
And I come alive
My midnight melody
Oh comet, come down Oh comet, come
Oh comet, come down Brave down the open road
Maybe I'll ride
And fight back the undertow
To save my life Bring in the amber glow
Maybe I'll fly
And go where you wanna go
With your eagle eye Brave down the open road
Maybe I'll ride
And fight back the undertow
To save my life Bring in the amber glow
Maybe I'll fly
And go where you wanna go
With your eagle eye Eagle eye, eagle eye
Eagle eye, eagle eye
Eagle eye, eagle eye Eagle eye, eagle eye
Eagle eye, eagle eye
Eagle eye, eagle eye
