Obituary

Pay for [Me] to go
Live to die city grave
Found that life wont pay
With ...
What's wrong with your mind
Kill thoughts set Me ...
I dont care to go
Just leave Me to die
Face scorn live for dying
Face scorn to be as one
We fall and set for discard
Do what the numbers say
To see the ways and forces
They like to see Me die
.. like riches for
Step forth to be my lord
To be my lord
.. reach his fall
Set for to be My ...
Even need time to spill
..
We found the killing bone
..
Found to expose the waste
Disrespecting future change
Face scorn live for dying
Face scorn to be as one
We fall and set for discard
Do what the numbers say
