

Hideaway

Queens of the Stone Age

The kid who wants some of the pretties in life
Tried shortcuts but those are myths
Despite
The first hands, the backhands, the bruises, the bites
The painful spoonful the hustle invites
Speak of me and I'll appear
Right hereHideaway
HideawayI'm all dressed up, no one left to blow
Addiction to friction leaves you raw
Left with the taste of flesh and bone
It's a beautiful day in the USA
I requires a pupil and I'm sure
It's yours
Hideaway
Hideaway
You'll stay fast and lonely
Never ever need to run and hide from me
New prey, soft and easy, tangled forever in my arms
You'll feel loveInnocence is what you lose
Like keys and dreams and old tattoos
With one quick twist love turns to scar
Cruising the bruises in my car
Catch the keys, take the wheel and drive, for a whileHideaway
Hideaway
You'll stay fast and lonely
Never ever need to run and hide from me
New prey, soft and easy, tangled forever in my arms
You owe me everything
You owe me everything
You'll feel love
You'll you feel love
Hold my hand
You'll feel love
You'll feel love
You'll feel love
Who needs love?
