Easier Said Than Done

Shakatak

You've got my love to keep you warm
Give you shelter from the storm
Any time you need
Through the long and lonely night
You got me to hold you tight
My love is guaranteed
You're everything I'm waiting for
Now I don't have to look no more
Take me as I'm
I'll do the best I can for your love
It's easier said than done
Take me by the hand
Try to understand when I say
It's easier said than done
Sometimes I swim against the tide
When I know you're by my side
There ain't anything I can't do
Baby my heart's an open book
Anytime you wanna look
Cause it's written just for you

You're everything I'm waiting for
Now I don't have to look no more
Take me as I'm
I'll do the best I can for your love
It's easier said than done
Take me by the hand
Try to understand when I say
It's easier said than done
You're everything I'm waiting for
Now I don't have to look no more
You're everything I want you to be
Baby, baby won't you stay with me
Take me as I'm
I'll do the best I can for your love
It's easier said than done
Take me by the hand
Try to understand when I say
It's easier said than done [repeat]
