

Turn Into

Yeah Yeah Yeahs

I know what I know, I know
On the car ride down, I hear it in my head real low
Turn into the only thing I ever
Turn into, hope I do, turn into you I know what I know, I know
That girl you found keeps that kind of window closed
She'll turn into the only thing you ever
Turn into, hope I do, turn into you Can't say why I kept this from you
My those quiet little eyes become you
Leave it where it can't remind us
Turn this all around behind us Oh, well, I know
Oh, I'll fall right in to keep you out
But I'd like to tell you all about it I know what I know, I know
This last time around, I'll hear it in my head real low
Turn into the only thing you ever know
Only thing you ever know I know what I know, I know
Ah yes
