

# Nostradamus

## Judas Priest

they  
never broke my will  
cause my heart was strong  
they won't justify  
condemnation  
my vindication  
but i will survive

[screams]

stood my ground  
till the end  
engaged the enemy  
protect my friends

nostradamus

tamed the beast  
they sent to kill  
the congregation  
never broke my will

nostradamus  
nostradamus

he has overcome  
he can take the throne

nostradamus  
vindication  
nostradamus  
is avenged

nostradamus  
our salvation  
nostradamus  
he's avenged

i walked through fire  
to justify

their inquisitions  
all condemned to die

nostradamus  
nostradamus

adversity  
on which i thrived  
destroys the alter  
now i'm vilified

nostradamus  
nostradamus

he has seized the day  
he is here to stay

nostradamus  
vindication  
nostradamus  
is avenged

nostradamus  
our salvation  
nostradamus  
he's avenged

[epic organ here]

vindication  
he has been avenged

[screams]

they  
never broke my will  
because my heart was strong  
they can't justify  
i will survive

he has overpowered  
it's his finest hour

nostradamus  
vindication  
nostradamus

is avenged

nostradamus  
our salvation  
nostradamus  
he's avenged

nostradamus  
nostradamus  
nostradamus  
nostradamus
