

# October Sun

[Matt Berry](#)

Take my rod down to the sea  
And then catch some fish for you and me  
There's a black cloud swirls above the bay  
Like a bad dream that never goes away  
Rise up and please don't wake the crew  
Fetch a lifeboat just for me and you  
There's an ill wind that blows across this day  
Like a bad dream that never goes away  
Michael, Peter, Mark and John  
Please forgive me for I have done you wrong  
I sense evil, I fear it here today  
Like a bad dream that never goes away  
It's a clear, bright and harsh October sun  
Lights me up so I've nowhere left to run  
I feel scared I have so much debt to pay  
Like a bad dream that never goes away  
Michael, Peter, Mark and John  
Please forgive me for I have done you wrong  
I sense evil, I fear it here today  
Like a bad dream that never goes away  
It's a clear, bright and harsh October sun  
Lights me up so I've nowhere left to run  
I feel scared I have so much debt to pay  
Like a bad dream that never goes away
