

Soul Mistake

[INXS](#)

Promises are carved out of lust
With a fire in the heart
That burns with no regret
Which I vow to play the part In this, a meeting of the soul
My feelings are unknown
I learn with no regret
I'm getting what I get Feel some pain
Though I'm miles away
And ring to let you know
Are you seeing someone?
I'd better let you go She said, this was a lesson in love
She said, this was a love to end all loves
This soul never listens to me
This soul has a lot to learn Honesty eludes one and all
Like some gypsy's search for gold
He's dreaming all the time
But the gold is hard to find Promises are carved out of lust
With a fire in the heart
That burns with no regret
I'm getting what I get Made a mistake with myself
My lover couldn't lie
She told me of the things
That made her cry inside She said, this was a lesson in love
She said, this was a love to end all loves
This soul never listens to me
This soul has a lot to learn Having the dreams of some gypsy
