

Stony Road

Chris Rea

This is the story.
Oh this is the way.
Gospel of reason.
When the pain came to stay.
The life of a loser,
who wins with a smile.
The sinners redemption,
in the tears of a child.Me & Katie
we go dancing down the stony road.
See her laughing through the pain,
of such a heavy load.
Me & Katie
we go dancing down the stony road.You're looking for sugar
to kill the grey.
You're looking for the laughter
to take the pain away.
God don't give nothing,
no you got to steal your own smile.
Learning to find it,
in the tears of a childAnd me & Katie
we go dancing down the stony road.
See her laughing through the pain,
of such a heavy loadMe & Katie
we go dancing down the stony road.
Let's go dancing, let's go dancing,
dancing down that stony road.
