

# Walking on Air

Bee Gees

I've been around the world  
You'll never know just how long  
I've been praying to get you into my life  
It won't be long before you understand  
Even our love becomes a master plan and so I think I'm walking on air  
So much in love, I can't tell what I'm saying  
There'll be no running away  
You and I won't be apart again  
I know in my heart that we can start again Wait for the summer when love's in the air  
You won't be sorry you answered my prayer  
I see the games that you play  
And I don't care what the people are saying  
No other love can compare  
Just to hold you in my arms again I feel like walking on air  
And just to dream you'll be there keeps me going  
And all those days go by  
We will never be apart again  
Knowing our love will never die Wait for the summer when love's in the air  
We'll be together this time of the year We will never be apart again  
Knowing our love will never die Here comes the summer with love in the air  
You won't be sorry you answered my prayer Here comes the summer and everyone's here  
We will be sailing through year after year  
You know I'm walking on air  
I know I'm walking on air  
You know I'm walking on air SONGWRITERS
