Shake You Up

Leona Lewis

Kill me,
it takes a lot to kill me
Flashback
Broken bottles in a trash bagThe rush when you're about to fall
I feel when I remember it all
I prayed that I will never have to see you againBut now you're standing just an inch from my face.
And your drop of crazy is all I can taste.
But what you don't know is I came out of the dark
I know exactly how to shake you, shake you up now.But now you're standing just an inch from my face.
And your drop of crazy is all I can taste.
But what you don't know is I came out of the dark
I know exactly how to shake you, shake you upTo shake you up, to shake you up.Watch it, oh,
how good it feels to do this.
Like you did,
the difference is that you deserve it.
The rush. I got the power tonight.
And you are on the losing side.
But I never forget how you tore me down.But now you're standing just an inch from my face.
And your drop of crazy is all I can taste.
But what you don't know is I came out of the dark
I know exactly how to shake you, shake you up now.But now you're standing just an inch from my face.
And your drop of crazy is all I can taste.
But what you don't know is I came out of the dark
I know how to shake you, shake you up.To shake you up, to shake you up.How does it feel, how does it feel to be the victim?
How does it feel? I know, 'cause you did this to me.But now you're standing just an inch from my face.
And your drop of crazy is all I can taste.
But what you don't know is I came out of the dark
I know exactly how to shake you, shake you up now.But now you're reaching as you're taking in air,
Boy, you're standing on a sinking sail.
Call my friends, so I know exactly how to shake you up.I wanna shake, I wanna shake, I wanna shake.
Gonna shake, gonna shake, gonna shake.
I'm gonna shake, gonna shake, gonna shake you up.
I'm gonna shake, gonna shake, gonna...
