Starting five

dios (malos)

if I want I'll take you back
If I want I won't look back
If I want I'll paint my toes
If I want I'll wear her clothes

Ohh

if I want I'll let you know
If I want I'll just say so
If I want I'll make the call
What I want I want it all

Ohh

someday soon I'll reach the moon
And bring back shit to sell to NASA
And make some cash
And buy that classy lifestyle
I've been told about

Ohh
