

# Power to the People

## Basement Jaxx

more power to the people so what we're doin' (?)  
guided by fear  
we pull in to conquer (?)  
for so many years we're so needy, greedy  
let's make it happen  
if we come together  
we can do something amazing  
(more power to the people) chorus (2x):  
we are the power  
we are the people  
we are the power  
we are the people  
(more power to the people)  
can't you see child  
everything's connected  
and every breath is significant  
each action precious we're so needy, greedy  
let's make it happen  
if we come together  
we can do something amazing  
(more power to the people) chorus (2x) let the flag fly high from every steeple  
let the flag fly high from every steeple  
let the flag fly high in the castle of your heart  
woah-woah-oh woah-woah-oh (?) and i'll meet you at the rainbow  
we'll be one family  
come with me to the rainbow  
live in perfect peace  
i'll meet you at the rainbow  
we'll be one family  
come with me to the rainbow  
live in... (rainbow, rainbow) chorus (2x) party together (repeat 16x) you've got the voice!
