Moon Tears

Nils Lofgren

Here I come again on Saturday night
After the first love it never felt right
Ask me if it's right to love another girl
First I'll say, yes and then I'll say whyCrying moon tears
(Moon tears)
Crying moon tears
(Moon tears)Crying moon tears
(Moon tears)
Crying moon tears, alright
(Moon tears)Early in the morning I feel the sun
True love's the saddest we're the only ones
She looks so good that it hurts my head
Sometimes I think I feel better deadCrying moon tears
(Moon tears)
Crying moon tears
(Moon tears)Crying moon tears
(Moon tears)
Crying moon tears, yeah
(Moon tears)
Come onListen
Everybody's trying to love the one I love
I don't think they really understand love
See the earth fall and it's harder to part
But my love is always come from the heartCrying moon tears
(Moon tears)
Crying moon tears
(Moon tears)Crying moon tears
(Moon tears)
Yes Sir, crying moon tears, alright
(Moon tears)Moon, oh
(Moon tears, moon tears)
