Devil's Triangle

Primitive Radio Gods

One more animal
One more vegetable
One more loss of motor
One more falling forOne more silent shows
Swimming in the devils triangle
One more wad of it
Well, now were getting close to the heart of itOne more piece of meat
One more grain of sand
One more bad decision
One more massive rainOne more silent shows
Swimming in the devils triangle
One more wad of it
Im getting close to the heart of itIm getting close to the heart of it
Im getting close to the heart of it
Im getting close to the heart of it
Im getting close to the heart of itIm getting close to the heart of it
Im getting close to the heart of it
Im getting close to the heart
