# Final Warning (feat. Aaliyah)

## Ginuwine

Ooh who keep callin' you
Boy I ain't scared of you, no no
You see I got your number
Tell me who you snuck and gave your number toOoh your trippin' now, girl quit fussin' now, no
You can't go jumpin' to conclusions
It's ringin' but that doesn't mean I've been cheating does it
Not right nowNot right now I'm busy, call me in the mornin'
Your telephones awful busy, they keep callin' in the mornin'
That was your final warning, don't call me in the mornin'Who keeps buggin' you, did you get
Or who's been lovin' you
Tell me are you, are you that somebody?
Or is it you've been lovin' on somebody elseWoo what the hell you talkin' 'bout?
Could you put that finger down
I'm always gonna be the same ol G
Are you leaving or staying with me?
Now tell me, tell meNot right now I'm busy, call me in the mornin'
Your telephones awful busy, they keep callin' in the mornin'
That was your final warning, don't call me in the mornin'So who keep buggin' you tell me
So who keep buggin' you oh oh oh
So who keep buggin' you tell me
So who keep buggin' you oh oh ohSo who keep buggin' you tell me
So who keep buggin' you oh oh oh
So who keep buggin' you tell me
But who keep buggin' you oh oh ohNot right now I'm busy, call me in the mornin'
Your telephones awful busy, they keep callin' in the mornin'
That was your final warning, don't call me in the mornin'Not right now I'm busy, call me in the mornin'
Your telephones awful busy, they keep callin' in the mornin'
That was your final warning, don't call me in the mornin'Not right now I'm busy, call me in the mornin'
Your telephones awful busy
