

# Sided

## Ignite

nothing  
your words mean nothing  
absolutely nothing  
wonder why you wanted to be a father anyways  
say that you care  
say that you'll change  
say that you'll try  
you've got messed up way of showing it  
the fights  
the anger  
the criticizing  
i don't need you on my side  
the nights  
of depression  
i'm always crying  
i don't need you on my side!
