

I Can't Leave You Alone (I'll Keep Holding On)

George McCrae

Baby, it happens when you're close to me
My heart starts beating, hey, a strong beat Oh, I can't leave you alone, can't leave you alone
Oh, I can't leave you alone, can't leave you alone
That's why I keep holdin' on, keep holdin' on
Keep holdin' on, keep holdin' on Oh darling, I can't resist your love, your love
'Cause honey, I love you, I love you much, too much Oh, I can't leave you alone, can't leave you alone
Oh, I can't leave you alone, can't leave you alone
That's why I keep holdin' on, keep holdin' on
Keep holdin' on, keep holdin' on
