

# Letter

## Mother Mother

I wrote my lover, yeah, I wrote my lover today  
The little letter gonna have to go a long, long way  
I miss my lover, yeah, I write a letter everyday  
The only thing is that my lover don't ever write me Yeah  
I want a letter to read All that I have  
All that I have loved is lost in the past  
I want a letter, want a letter, want a letter  
To read all alone, me and your memory  
Before I let go  
I want a letter, want a letter, want a letter  
To read  
I wait all day by the mailbox on the street  
The postmen don't stop he just walks past me  
Maybe it's the way that it's meant to be, yeah  
Maybe it's the way I'm supposed to grieve Yeah  
I want a letter to All that I have  
All that I have loved is lost in the past  
I want a letter, want a letter, want a letter  
To read all alone, me and your memory  
Before I let go  
I want a letter, want a letter, want a letter  
To read Life is just a syllable and plays the same  
So is it just a little overkill writing the days away? I wrote my lover, yeah, I wrote my lover today  
The little letter gonna have to go a long, long way  
I want a letter, want a letter, want a letter  
I want a letter, want a letter, want a letter All that I have  
All that I have loved is lost in the past  
I want a letter, want a letter, want a letter  
To read all alone  
I want a letter, want a letter, want a letter  
Before I let go  
I want a letter, want a letter, want a letter  
To read
