Now

Acrania

Kiss me, a little faster
You know that life's so short to throw it away, c'mon and
Bite me, lets make disaster, lets burn the pyre
I'll break you inside, feel my desire, do not stop
Now we're gonna feel euphoria
C'mon and let me show you
I want your sweat and screams right on me
Ride on meKiss me, my brunette lover
I've made my wager, I've begun and I won't stop
Bite me over and over
Just turn around, I'll make you plead
I'll make you scream, don't stop it
Now, it's the smell of your hair and the way you smile to me
Oh brunette!
Now, it's the moment to feel and the moment to get sick
It's right
Now, and through your eyes I would like to gaze
Now, all the unmentioned things that I want to say
Falling, falling... down
In this lustful hell that's drilling all my life
I never cared, I never compromised
So close to grasp, so far from my heart
