Weekend Soldier

Gus Black

I'm a soldier from Tennessee
Just a weekend soldier on a killing spree
No alcohol by the sea
Just a pleasant Sunday killing spreeJust look and you'll find
I don't own this thing
Just look and you'll find
Who's freeI'm a soldier out on leave
Got a hellish Monday ahead of me
California, a place to be
For a weekend soldier on a killing spreeJust look and you'll find
I don't know this thing
Just look and you'll find
Who's freeJust look and you'll find
Now I own this thing
Just look and you'll find
Who's freeI'm a soldier from Tennessee
Just a weekend soldier
On a killing spree
Just a weekend soldier
