Stereo

Green Apple Quick Step

Ooh la codeine slows automatically
Please tell me I've been wired where did I go
Well maybe as far away as ocean shores
Hands on my wheel only concentrating
Thinking 'bout the music in my headOoh la trippin' on the road down the coast of mexico
Ice of alaska maybe I should ask ya do you have a stereo
Hands on my wheel only concentrating
Thinking 'bout the music in my headOoh la waitin' ooh la waitin'
I wanna tell you just how I feel tonite yeh
You got the world wrapped around your little finger
Thinking 'bout the music in my head
Thinking 'bout the music in my head
Thinking 'bout the music in my head
