True Romance

Tiger Army

I told you right from the start.
A knife up to your throat for one put through my heart.
Couldn't hold on and this I should've known.
Thinking back as I walk the night alone.
I told you that my love was true.
I asked you to walk away if you don't feel like i do.
You whispered that you would be mine always.
I felt myself slipping away.
I love you forever, 'til death do us part. And I say..Oh Oh Oh Oh [continute Oh's].. Into the night I go.
Night gives no rest and I cannot sleep.
When I can I see your face, it's tattooed on my dreams.
Purple heart pumps sorrow through my veins.
I awaken, I'm calling out your name.
I often think back to that night... the moment when I found out that our love was a lie.
Felt like I would die, I couldn't stand the pain.
And there's nothing left except one thing, I've gotta see you again.
And I said..I love you forever, 'til death do us part.
Oh oh forever is over, Oh oh forever is over.
it's over, it's over, it ended on that night...
that I took your fucking life.
