

Stay With Me (Brass Bed)

[Josh Gracin](#)

Baby, the clock on the wall is lying
It's not really that late
It's too cold outside to be
Walking around the streets of this town
Anywhere if you think you have to be can wait So why don't you stay with me?
Share all your secrets tonight
We can make believe the morning sun never will rise
Come and lay your head on this big brass bed
And we'll be alright as long as you stay with me, yeah Baby, there is just no use in hiding
The way that I'm feeling right now
With you standing there
Baby I swear I can't help but stare
Girl you're wearing me out, you're wearing me out Baby, stay with me, share all your secrets tonight
We can make believe the morning sun never will rise
Come and lay your head on this big brass bed
And we'll be alright as long as you stay with me Baby don't go, it looks like it's starting to rain
And it's so warm here in this apartment
Wrapped up in this blanket
So stay Stay with me, share all your secrets tonight
We can make believe the morning sun never will rise
Come and lay your head on this big brass bed
And we'll be alright as long as you stay
I'll be alright as long as you stay with me, yeah Stay with me
