

Somebody's Heaven

10000 Maniacs

There like a feather you fell someone's heaven above me
Floating so fickle tempting me teasing my ways
Thrown from its clutches I struggle to free what escapes me
Absalom hanging like you I'm caught in between
Absalom hanging like you I'm caught in between
Heaven then earth, heaven between you
Release me untangle my hair

Absalom hanging like you I'm caught in between
Absalom hanging like you I'm caught in between
Heaven then earth, heaven between you
Patient I wait as I hold a small feather
That floated from somebody's heaven
