

# Within You

## Gus Gus

Sun soaked, high hopes  
Wear them as my winter coat  
To keep out the cold  
But try as I might  
I can't hide the mysteries that you read in my eyes

But oh, no no no  
Oh, no no no

Wrap my heart in cellophane  
Keep it dry when it rains  
And maybe that way  
I'll keep it safe from you

Ooh ooh ooh ooh ooh  
ooh ooh ooh ooh ooh

Masquerading  
I watch the shadows play on your opaque face  
But sparks fly from your colbalt eyes  
End I can see through your disguises

But oh, no no no  
Oh, no no no

Wrap your heart in cellophane  
Keep it dry when it rains  
And maybe that way  
You'll keep it safe from me

Ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh

Wrap our hearts in cellophane  
Keep them dry when it rains  
And mabye that way we'll keep them safe

Wrap our hearts in cellophane  
Keep them dry when it rains  
And maybe that way we'll keep them safe
